How to Purchase From the Contract in COMMBUYS

Summary
There are 63 vendor Master Blanket Purchase Order (MBPO) pages and one “Conversion Vendor” master page on COMMBUYS. Buyers are able to use the conversion vendor to solicit multiple quote responses from vendors on contract. Buyers will then have the option to complete their order from their quote or generate a purchase order/release requisition using the vendor’s individual MBPO page and attach the information.

Setting up a COMMBUYS Account
COMMBUYS is the Commonwealth’s electronic Market Center supporting online commerce between government purchasers and businesses. If you do not have one already, contact the COMMBUYS Help Desk to set up a COMMBUYS buyer account for your organization: 888-627-8283 or COMMBUYS@mass.gov.

Solicit quotes and select and purchase quoted item in COMMBUYS
FIR04/FIR04A has a “Solicitation Enabled” master MBPO page on COMMBUYS. Buyers can distinguish this page by the “Conversion Vendor” vendor name. This page allows COMMBUYS users to obtain quotes from multiple vendors at once. The buyer would create a Release Requisition and then convert it to a Bid. After approval by the buyer approving officer, the bid is then sent to selected vendors to request quotes.

Directly purchase a non-fixed price item ($0 line item) through COMMBUYS
All vendor MBPO pages have a $0.00 line item for placing orders. When placing an order in COMMBUYS a contract user needs to type in the total cost of the order and may add invoice-quote information as reference either by typing in the information or attaching as a PDF file.

Select items from a Punch-out catalog and purchase through COMMBUYS
Punch-out catalogs integrate a vendor’s website with COMMBUYS. Buyers may access available punch-out catalogs by logging into COMMBUYS and selecting the G2B Punch-out option from the settings menu in the upper right hand corner.

Quick Search in COMMBUYS
Log into COMMBUYS, and use the Search box on the COMMBUYS header bar to locate items described on the MBPO or within the vendor catalog line items. Select Contract/Blanket or Catalog from the drop-down menu.

Job Aids for Buyers
Buyers are encouraged to review available job aids at our webpage here: https://www.mass.gov/service-details/job-aids-for-buyers.
Additional Information

Product Specifications
All products through the contract must meet the latest regulatory guidelines and any amendments therein in the areas of Fire/EMS, Police, Rescue Equipment and Supplies as promulgated under, but not limited to OSHA, NFPA, UL and ASTM. User departments may request contractors to provide a Material Safety Data Sheet (MSDS) for each toxic or hazardous substance or mixture containing such substance, pursuant to M.G.L Ch. 111F, SS8,9 and 10 and the regulations contained in 441 CMR SS 21.06 when deliveries are made. Copies of these regulations may be obtained at the State House Bookstore, Secretary of State, State House, Room 117, Boston, MA 02113 617-727-2831.

Performance Bond
User Departments may request and require contractors to furnish a performance and/or labor and materials bond, in a form and with surety satisfactory to the end user for those orders in the amount of $100,000 or more. The contractor(s) shall be responsible for the cost of the bond(s).

Adding/Removing Products
The SSST reserves the right to add products on an as needed basis despite their initial exclusion. Contractors must obtain authorization from OSD in order to add a product to the contract award. The products should comply with the specifications and scope/description established in the original Request for Response (RFR) and the contractor must supply all supporting information and research available to the SSST for consideration. A written recommendation may also be submitted to the SSST from an eligible contract user requesting that specific brands and/or manufacturers’ products be added to the contract. NO PRODUCTS MAY BE ADDED WITHOUT APPROVAL OF THE SSST AND SSSL.

Warranty/Repairs and Services
To maintain operational performance during the warranty period the contractor(s) shall be responsible for providing a loaner equal to the purchased item, until it is replaced or returned in satisfactory condition, in circumstances where the item is contingent to the buying Department’s operation. The contractor will further agree to replace the same, at no cost to the buying Department for labor or materials, if said item fails to meet said specifications within one year after installation. If, after three (3) service calls for the same fault, the item cannot be returned to full operations, then the item will be replaced by the contractor at no cost to the buying Department. The buying Department will NOT be responsible at any time during the warranty period for pickup and delivery. UPON EXPIRATION OF THE WARRANTY PERIOD ARRANGEMENTS BETWEEN CONTRACTOR AND THE BUYING DEPARTMENT WILL PREVAIL.
Special Offers
Contractors MUST extend manufacturer’s special offers such as but not limited to: rebates, special promotional programs, manufacturing, distribution and/or raw materials. Percent off discounts do not include any special manufacturer educational discounts. If applicable, discounts should be made available and identified to the procuring Departments.

Technical Assistance
Throughout the life of the contract, contractors will be responsible, upon request, to provide on-site technical assistance or training for any item contained within the scope of the contract, for 90 days or as needed from the date of receipt of goods.

Inspection and Examination
Contractors may be required during the life of the contract to provide samples within ten (10) calendar days to the requesting Department for inspection of quality, construction, and or design, etc. Samples will be returned to contractors by requesting department upon the completion of the evaluation. All samples will be provided at no charge to the Commonwealth.

Trade-ins
Contractors that agree to accept trade-ins must negotiate in good faith with Departments trade in value at the time of trade-in. Contractors awarded a contract MUST accept Fire, EMS, Police, Marine Equipment, etc. trade-ins that are an equal of the product being purchased.

Any type of vehicle (i.e. cars, cruisers, trucks, fire trucks, etc.) IS EXCLUDED from being used as a trade by any eligible entity. Vehicles may not be accepted as trade-ins from any eligible entity using this statewide contract to purchase and/or obtain any commodities or services.

Product Liability
All items must be covered by a Manufacturer’s product liability insurance.

Fuel surcharge provisions
Contractors cannot charge any additional fuel surcharges on any order received from eligible entities under this statewide contract. Department will NOT be required to pay any addition fuel surcharges upon receipt of contractors invoicing.

Performance Requirements and Specifications
The “Performance Requirements and Specification” document is available as an attachment on COMMBUYS under the “Conversion Vendor” page: PO-15-1080-OSD01-OSD10-00000003470. This document provides detailed specifications and performance requirements that each contractor must comply with under this statewide contract. Please reference this document to ensure compliance when obtaining equipment, parts, or services from contractors.
Product Specifications, including Environmental Standards and Requirements

Selection of EPP Equipment – The contract provides equipment that represents environmentally preferable products wherever possible. Such Equipment may use alternative fuel (e.g. compressed natural gas), offer an opportunity for reduced fuel usage, or provide other environmental benefits.

Discount Opportunities

- **Prompt Pay Discounts:** A discount given to the buyer if paid within a certain time period. These discounts may be found in the Vendor List and Information section below. All discounts offered will be taken in cases where the payment issue date is within the specified number of days listed by vendor and in accordance with the Commonwealth’s Bill Paying Policy. Payment days will be measured from the date goods are received and accepted / performance was completed OR the date an invoice is received by the Commonwealth, whichever is later to the date the payment is issued as an EFT (preferred method) or mailed by the State Treasurer. The date of payment “issue” is the date a payment is considered “paid” not the date a payment is “received” by a Contractor.

- **Volume Discounts:** discount is provided to buyer if a certain volume of product or service is purchased.

- **Dock Delivery Discount:** discount is provided if product is delivered directly to the loading dock

If the Needed Product Can Not be Found

If a product or service cannot be found in the vendor’s catalog, price sheet, or Punch-out it is recommended to contact the vendor directly to inquire if it is available for purchase on this contract. If the product or service meets the scope of the product category, the vendor may be able to add it to their product offerings with prior approval of the Contract Manager.

If the product is not listed in the scope of the product category, a buyer may contact the Strategic Sourcing Lead to inquire whether the product may be purchased.

Manufacturer’s Suggested Retail Price (MSRP) Files on COMMBUYX

Some FIR04 vendors have outdated MSRP reference files on COMMBUYX. Because of this Buyers should always request that a vendor provide them the most current MSRP at the time of quote. Buyers may then refer to the awarded vendor’s FIR04 price file from COMMBUYX to check pricing. All vendors have an awarded price file in Microsoft Excel format that indicates their approved manufacturers and their awarded discount off of MSRP for their starting price. If a vendor does not have a manufacturer listed in their awarded FIR04 price file then the vendor must work with OSD to get that manufacturer added before they can sell their products on FIR04. If a vendor is not honoring their discount pricing from the FIR04 price file then the customer should contact the OSD Contract Manager.
