

Making School Safety Easier and Less Stressful

Detect unwanted events and save staff time with Triton's advanced sensors

Trusted by 1,000+ Schools and Districts

Safety Challenges in Bathrooms and Locker Rooms

Ensuring the health and safety of all students is the paramount duty of all educators.

65%

of school vaping, fighting, and vandalism happens in bathrooms and locker rooms where cameras can't reach.

Monitor and Detect Security Incidents Where Security Cameras Are Not Allowed

Many safety events in bathrooms and locker rooms go undetected without a comprehensive platform that alerts to key safety indicators.

Meet Triton

The smart sensor platform that revolutionizes school safety by detecting vaping, fighting, distress, loitering, gunshots, and more in private spaces and integrates with your existing camera and alert software.

Triton is a mission-driven company. Our goal is to make schools everywhere safer and healthier for all students, and we accomplish all of this with no cameras while maintaining full privacy compliance.

SENSORS AND FEATURES

Total School Safety with Triton ULTRA

Triton's Smart Detection Platform protects over 15,000 bathrooms, locker rooms, and stair wells across over 1,000 schools and districts.

Vaping and Drug Detection

ULTRA-FAST detection of Vape, THC, Cigarette Smoke, and Other Drug Emissions.

Loitering Detection

For cutting class and more. Know how long each person has been in the area and get an alert for loitering.

People Counting

Accurate live count of how many people are in the room. Crowding predicts vandalism, bullying, and drug use.

Emergency Keyword Detection

Emergency Safety Keywords include "HELP ME," "EMERGENCY," and eight others.

Gunshot Detection

Detects gunshots with powerful acoustic sensors and AI-based algorithms.

Scream, Shout, and Aggression Detection

Powerful AI algorithms detect screaming, shouting, and other noise anomalies.

Advanced Vandalism Detection

Triton intelligently senses glass breaks, spray paint fumes, and other sound anomalies to catch vandals in real-time.

Smart Speaker and Strobe Light

Deter bad behaviors with a programmable light and speaker. Customize both based on alert type.

OUR VALUES

A school should not be a dangerous place.

Triton is a mission-driven company dedicated to making schools safer and healthier.

TOTAL SCHOOL SAFETY

Software that Scales

Triton serves schools with just eight students to districts with 50,000+ students. Our best-in-class software supports them all.

Integrates With Your Existing Software

Alerts in Real-Time

Unlimited Users and Contacts

Save Time and Manpower

Manually checking bathrooms is time consuming and still does not detect many incidents. Traditional vape detectors are slow and inaccurate. The Triton platform simplifies securing private spaces with powerful AI detection, quick alerts, and integration with your existing security system.

Schedule A Demo Call

See how the Triton platform increases school safety in private spaces while saving administrators and SROs time and effort.
