

# TOUGHBOOK Product Portfolio

#### From military bases to patrol cars, on the shop floor or in a lab, on the road or in the field, Panasonic is helping to keep organizations moving forward.

Engineered to withstand drips, drops, dust and grime, TOUGHBOOK<sup>®</sup> computers thrive and survive in the hardest of environments. Panasonic is committed to delivering mobile computing solutions that help you get the job done, wherever it takes you.

- Select TOUGHBOOK mobile devices go beyond the standard safety testing to achieve Hazardous Locations Class 1 Div 2 certification, TPM 2.0 and are TAA-compliant, approved for government deployment.
- Panasonic and its partners design a wide assortment of heavy-duty docks, mounts and other peripherals including barcode readers, printers and magstripe readers—to expand and enhance the TOUGHBOOK capabilities.
- Panasonic values keeping backward compatibility to allow customers to save the expense and hassle of replacing vehicle docks every time a new model is introduced.
- Panasonic is the only major manufacturer that designs, builds and tests its mobile devices in its own factory allowing quality control, consistency and parts availability to be monitored every step of the way.

# **INDUSTRY AVERAGE FAILURE RATE**

Panasonic devices are over five times more reliable than the average laptop used by businesses across America.\*

## Annualized Failure Rates Industry Avg. = 7%

### Panasonic Failure Rate = 2.4%

\*Comparing 2019 Panasonic actual data for TOUGHBOOK family of devices to PC Magazine reader-reported data for competitors in the same time period.

Not only is a TOUGHBOOK purpose-built to withstand extreme mobile environments, but it has the exclusive Panasonic ProServices support team standing behind it. To help ensure uninterrupted worker productivity and efficiency, Panasonic offers support and services throughout the lifecycle of your mobile computing device.

Battery test results have been updated to now use Mobile/Mark 25 (250 nit, Windows 11, connected to Wi-Fi, Office Productivity and Creativity scenarios). Previous battery lives were tested using Mobile/Mark 2014 (150 nit, Windows 10, Office Productivity only). For example, the TOUGHBOOK 33 Mk3 battery life using Mobile/Mark 2014 was 10 hours (20 w/optional long life batteries). ©2025 Panasonic Connect North America, a division of Panasonic Corporation of North America.
